

Ranger 20 Portland Fleet #4

www.groups.yahoo.com/groups/pdxR20

The Columbia River Ranger 20 Fleet is one of the fastest growing one-design fleets on the river, with over 9 boats hitting the start line during the racing season. The reason why? A supportive and friendly fleet and a timeless, unsinkable shoal-draft design well-suited for racing and cruising on the river. Over five hundred of these indestructible boats were made in Kent, Washington in the '70's to early '80's, and most of them are still being sailed in the Northwest. For a minimal investment, this is one of the safest boats around, having been aptly nick-named the unsinkable "Molly Brown."

If you are looking for a great sailing group to get involved with, we are inviting you to join us for Cruising, Racing and Socializing in this year's sailing season.

ADVANTAGES OF JOINING OUR FLEET:

- Fleet discount on moorage
- Coaching support for boats that get involved in racing
- Fleet work parties for boats in need of upgrades and improvements
- Knowledge base among the members
- Fleet camaraderie
