

CYC Oregon Offshore

May 10 - 13

INVITATION TO RACE

INVITATION: The Corinthian Yacht Club invites all eligible yachts to participate in the Oregon Offshore International Yacht Race.

DESCRIPTION: The Oregon Offshore International Yacht Race will challenge your sailing skills, navigation ability, tactical skills, and endurance. One hundred ninety-three miles long, this race from the mouth of the Columbia River up the Washington coast and down the Strait of Juan de Fuca will test the competitiveness of your boat and give you a chance to face the elements and experience the forces of nature, unbounded by land. This offshore race is now in its 42nd year. The race originated and continues to be a great way to get your boat north for the Swiftsure Race, other Washington and Canadian sailing events, and for summer cruising.

DATES: May 10-13, pre-race Kick Off Party April 16.

ELIGIBILITY AND INSTRUCTIONS: Each racing yacht entering must have a current PHRF-NW certificate. Yachts must meet the Oregon Offshore Safety Equipment Requirements as outlined in the Notice of Race. Please check www.ussailing.org for qualifying Safety at Sea Seminars.

COURSE: The race begins at Buoy 2 outside the Columbia River Bar and finishes near the breakwater at the entrance to Victoria, BC Inner Harbour. See the 2018 Oregon Offshore Race Packet for specific details.

AWARDS: Awards will be presented at the annual post-race BBQ held at the Royal Victoria Yacht Club.

REGISTRATION: Visit www.oregonoffshore.org to obtain a copy of the 2018 Oregon Offshore Race Packet, which will be published in early January.

FOR MORE INFORMATION: Go to our website www.oregonoffshore.org, or contact the race committee by email at oregonoffshore@cycportland.org.

HISTORY OF THE OREGON OFFSHORE

The Oregon Offshore was first run in 1976 as a result of a challenge by Jack Gainer (Raindrop) and Richard Kipp (Vagabundo) to all Portland area sailors. They wanted an event to put the Oregon racing community into "offshore" racing rivaling Seattle, BC, and California. The first race started at buoy "2" off the Columbia River and went 100 miles to buoy "Y" at Newport, Oregon. The response was enthusiastic. Ten boats raced this first event with Jim Christensen winning on Destiny. Jack and Richard took the leadership responsibility and CYC became the sponsor. During the first few years courses varied in direction and distance. In 1980, the present course of 193 miles was adopted.
